All women are not mothers
But all mothers are women
God made us very special indeed
We are here for everyone who feels the need

I am offering a very special prayer
For all our women to show we care
That the gift of love will always be in our hearts
And prayerfully we will never grow apart

Rest Continued

The best quality of sleep is during the hours before midnight. For best sleep, bedtime should be no later than 10 p.m. We sleep best if our stomach can also rest from its work of digestion—at least 3 hours after eating.

Recipe for Restful Sleep

- A quiet, dark, well-ventilated room
- An empty stomach (3 hours after eating)
- Moderate physical activity before retiring
- A clear conscience - a mind at peace with God

Problems resulting from insufficient sleep include: irritability, memory loss, depression, difficulty concentrating; and a diminished ability of the body to repair and restore its tissues and organs, and to prevent disease.
