Tribute to Mothers

Mothers are very special. Mother's Day was created by a woman called Anna Jarvis who held a small memorial service for her mother. Mothers have a special bond with their children, every day should be Mother's Day. A Mother feels the pain of her aching child. She sympathizes and empathizes when they are in trouble, she goes without food just to be sure that her children are fed. When her children have no clothes, she takes her clothes and makes clothes for them. Mothers are very giving; they give to those in need and bless those who are not.

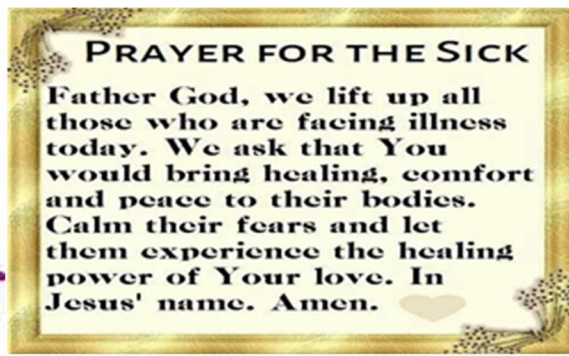

Today as we celebrate Mother's Day, I would like to reflect on my mother who sacrificed much for her children. She was a hero in my sight, and she made sure that other children were happy even if we had to share what we had. Mothers of Mount Gilead Church, today we would like to let you know that you are loved, and you are blessed. It is not very often that we get to verbalize how we feel, but I speak for all of us children, we truly love you and wish you a happy Mother's Day.

Children let us hug a mother, pay special attention to a mother today, and let all mothers feel the love we must share. Mothers take a bow for your sacrifice, your love, your attentiveness, your patience, your examples, and most of all your care. There is nothing too great to give to our mothers, therefore let us take some time out to spend with our mothers while they are alive because when they are dead there is nothing we can do, no amount of praying, hoping, or wishing can bring them back. Let this Mother's Day make a difference in our lives because time is short and we know not the day or the hour when God will call them or us home, so make this day count in history.

Happy Mother's Day!!

To all Mothers Hip, Hip, Hooray! It is Mother's Day.

Janette Johnson
